- Multi-Day Passes are purchased at City Hall
- Expiration date and time will be printed on the back of your pass the first time you use it.
- Lost, Damaged, or Stolen tickets/passes cannot be replaced.

## Important Points to Remember :

- All routes except WSL originate, and transfer at the Rover Transit Center at the northeast corner of Walnut and Burton.
- Rover currently offers seven routes in the City of Murfreesboro (see map for route details).
- Rover buses run Monday through Friday, five days a week, from 6 a.m. until 6 p.m.
- Rover bus drivers try very hard to stay on schedule, so get to your stop a few minutes early to make sure you don't miss the bus.
- Check to be sure you are getting on the right bus before you board. Each bus shows its destination on the right side of the bus and above the front windshield.
- Every Rover bus has a bike rack as does the Transit Center.
- Every Rover bus is wheelchair-accessible.

Example 1

First determine if you are traveling inbound (toward the transit center) or outbound (away from the transit center). In this example the passenger is traveling toward the transit center so it would be inbound. Then, by looking at the map, determine your location. An easy way to do that is to use the time-point locations marked on the map with the letters A, B, C, D, E, and F. These are not actual stops but can be used to figure out the approximate time a bus will be at a certain location. In this case the passenger is located between locations E and F. The bus should arrive at this location between the times in column E and F. Always use the earlier times (E in this example) to judge when to catch the bus. To be sure you don't miss the bus you may want to be a few minutes early.

Example 2

First determine if you are traveling inbound (toward the transit center) or outbound (away from the transit center). In this example the passenger is traveling away from the transit center so it would be outbound. Then, by looking at the map, determine your location. An easy way to do that is to use the time-point locations marked on the map with the letters A, B, C, D, E, and F. These are not actual stops but can be used to figure out the approximate time a bus will be at a certain location. In this case the passenger is located between locations A and B. ## Accessible Service

Each bus in the Rover fleet is lift-equipped, which means that all buses are accessible to passengers who use wheelchairs. Please note that while all Rover buses are wheelchair-accessible, all of the Rover bus stops are not wheelchair-accessible. Please become familiar with bus stops so you will be prepared and know what to expect; feel free to contact us for more information.

If a disability prevents you from using the regular Rover service, paratransit services also are available. Mid-Cumberland Public Transit , in cooperation with Rover, provides transportation service for persons with disabilities who, because of their disability, cannot use the existing Rover fixed route bus system. Mid-Cumberland offers wheelchair lift-equipped mini-buses with curb-to-curb service. This service is scheduled & provided at any requested time on a particular day in response to a request for service made the previous day. The operating hours are Monday through Friday 6 a.m. until 6 p.m., and the price for this service is \$2.00 per one-way trip. To schedule a trip, please call 615.890.2677.

## Holidays

Rover operates Monday through Friday from 6:00 a.m. until 6:00 p.m. Service is not available on Saturdays, Sundays or on the following holidays:

- New Year's Day
- Martin Luther King Day
- President's Day
- Memorial Day
- Independence Day
- Labor Day
- Veteran's Day
- Thanksgiving Day
- Friday after Thanksgiving Day
- Christmas Eve Day
- Christmas Day

***Note: If the holiday falls on a Saturday the legal holiday will be on a Friday. If the holiday falls on a Sunday the legal holiday will be on a Monday.***
